

PELLET HEATER P936

If space is an issue, the P936 is the perfect solution, just 29 cm deep means this pellet heater will fit in a hallway. Its flexible design with a choice of rear, side or top flue outlet offers installation options for any room.

Fully programmable and optional SMS ensures you have control of your home heating. It even tells you when it needs more pellets! Available in a range of great colours, that will suit any décor. Pellet heating is up to 70% more efficient than traditional wood stoves and have significantly lower emissions levels. It's comfort with a conscience.
